## **Quhuo Announces Second Quarter 2021 Unaudited Financial Results**

## August 25, 2021

BEIJING, Aug. 25, 2021 (GLOBE NEWSWIRE) -- Quhuo Limited (NASDAQ: QH) ("Quhuo," the "Company," "we" or "our"), a leading tech-enabled workforce operational solution platform in China, today announced its unaudited financial results for the second quarter ended June 30, 2021.

## Financial and Operational Highlights for the Second Quarter of 2021

- Total revenues were RMB991.8 million (US\$153.6 million), representing an 81.1% year-over-year increase.
- Revenues from on-demand delivery solutions increased 74.1% year-over-year.
- Revenues from mobility service solutions, consisting of shared-bike maintenance and ride hailing solutions, increased 336.9% year-over-year.
- Revenues from housekeeping and accommodation solutions increased 56 times year-over-year and 67.2% quarterover-quarter.
- General and administrative expenses (excluding share-based compensation expenses), as a percentage of revenues, declined to 4.1% from 5.1% in the second quarter of 2020.
- Adjusted EBITDA was RMB29.1 million (US\$4.5 million), representing a significant improvement from adjusted EBITDA loss of RMB78.5 million in the first guarter of 2021.
- Adjusted net income was RMB9.9 million (US\$1.5 million), representing a significant improvement from adjusted net loss of RMB79.3 million in the first quarter of 2021.
- The number of average monthly delivery orders was 45.0 million, representing an 85.2% year-over-year increase.
- We provided services in 1,205 business circles across 139 cities nationwide in the second quarter of 2021, compared with 952 business circles across 75 cities in the same period in 2020.

Comment from Leslie Yu, Chairman and Chief Executive Officer of QUHUO: "We are pleased to report another strong quarter as total revenues grew by 81% year-over-year and almost reached milestone of RMB1 billion, thanks to strong demand for our services and our large workforce networks across the country. All three of our main business lines — on-demand delivery solutions, mobility service solutions, and housekeeping and accommodation solutions — cover the needs of people's daily necessities, and saw robust growth momentum in the second quarter. At the same time, we achieved adjusted net income of RMB9.9 million, a significant improvement from the first quarter. These results reflect the economy of scale of our business model and strong execution of our multi-scenario deployment strategy. Looking ahead, we are strongly motivated by the tremendous growth opportunities as we rapidly scale our platform to meet growing demand in various service areas. We are fully committed to delivering long-term value and profitable growth for our shareholders."

#### **Unaudited Second Quarter 2021 Financial Results**

Total revenues were RMB991.8 million (US\$153.6 million), representing an increase of 81.1% year-over-year, primarily due to the rapid growth of our major business lines.

- Revenues from on-demand delivery solutions were RMB942.2 million (US\$145.9 million), representing an increase of 74.1% from RMB541.3 million in the second quarter of 2020, primarily due to the increase in delivery orders fulfilled as a result of the industry growth in the aftermath of COVID-19 and our continued penetration and expansion into new geographical markets.
- Revenues from mobility service solutions, consisting of shared-bike maintenance and ride hailing solutions, were RMB25.7 million (US\$4.0 million), representing an increase of 336.9% from RMB5.9 million in the second quarter of 2020, primarily due to our enlarged customer base and service scope in shared-bike maintenance solutions and the increase in the numbers of ride-hailing drivers on our platform.
- Revenues from housekeeping and accommodation solutions were RMB21.8 million (US\$3.4 million), representing a significant increase from RMB0.4 million in the second quarter of 2020. This was primarily due to our enlarged customer base for provision of housekeeping and accommodation solutions, including hotels and B&Bs, as part of the network synergy we achieved following the acquisition of Lailai and Chengtu Home.

Cost of revenues was RMB920.0 million (US\$142.5 million), representing an increase of 88.8% year-over-year, primarily attributable to increased labor cost in line with our continuing business expansion.

General and administrative expenses were RMB84.7 million (US\$13.1 million), representing an increase of 187.2% from RMB29.5 million in the

second quarter of 2020. The increase was primarily due to the increases in (1) share-based compensation expenses from RMB 1.3 million in the second quarter of 2020 to RMB 44.4 million in the second quarter of 2021, and (2) professional service expenses. Excluding share-based compensation expenses, general and administrative expenses increased by 42.9% year-over-year and, as a percentage of revenues, declined to 4.1% from 5.1% in the second quarter of 2020.

Research and development expenses were RMB4.5 million (US\$692,000), representing an increase of 63.6% from RMB2.7 million in the second quarter of 2020, primarily due to the increase in compensation for research and development personnel.

Operating loss was RMB14.7 million (US\$2.3 million), compared to operating profit of RMB29.6 million in the second quarter of 2020. Excluding share-based compensation expenses, the adjusted operating profit was RMB29.7 million, compared to RMB30.9 million in the second quarter of 2020.

We recorded other loss, net, of RMB7.0 million (US\$1.1 million), compared to other income, net, of RMB3.6 million in the second quarter of 2020, primarily due to the decrease in fair value change of investment in a mutual fund.

Income tax expense was RMB11.2 million (US\$ 1.7 million), which remained relatively stable as compared to RMB11.5 million in the second quarter of 2020.

Net loss attributable to Quhuo Limited was RMB31.0 million (US\$4.8 million), compared to net income of RMB20.7 million in the second quarter of 2020.

Adjusted EBITDA was RMB29.1 million (US\$4.5 million), compared to adjusted EBITDA of RMB40.3 million in the second quarter of 2020.<sup>(1)</sup>

Adjusted net income was RMB9.9 million (US\$1.5 million), compared to adjusted net income of RMB21.0 million in the second quarter of 2020.<sup>(1)</sup>

#### **USE OF NON-GAAP FINANCIAL MEASURES**

Quhuo has provided in this press release financial information that has not been prepared in accordance with generally accepted accounting principles in the United States (GAAP).

Quhuo uses adjusted net income (loss) and adjusted EBITDA, which are non-GAAP financial measures, in evaluating our operating results and for financial and operational decision-making purposes. Adjusted net income (loss) represents net income (loss) before share-based compensation expenses. Adjusted EBITDA represents adjusted net income(loss) before income tax benefit(expense), amortization, depreciation and interest. Quhuo believes that these non-GAAP financial measures help identify underlying trends in its business that could otherwise be distorted by the effect of share-based compensation expenses, income tax benefits or expenses, amortization, depreciation and interest. Quhuo believes that such non-GAAP financial measures also provide useful information about its operating results, enhance the overall understanding of its past performance and future prospects and allow for greater visibility with respect to key metrics used by its management in its financial and operational decision-making.

The non-GAAP financial measures are not defined under U.S. GAAP and are not presented in accordance with U.S. GAAP. They should not be considered in isolation or construed as alternatives to net loss or any other measure of performance or as an indicator of Quhuo's operating performance. Further, these non-GAAP financial measures may not be comparable to similarly titled measures presented by other companies. Other

companies may calculate similarly titled measures differently, limiting their usefulness as comparative measures to the Company's data. Quhuo encourages investors and others to review the Company's financial information in its entirety and not rely on a single financial measure. Investors are encouraged to compare the historical non-GAAP financial measures with the most directly comparable GAAP measures. Quhuo mitigates these limitations by reconciling the non-GAAP financial measures to the most comparable U.S. GAAP performance measures, all of which should be considered when evaluating its performance. The following table sets forth a reconciliation of our net income (loss) to adjusted net income and adjusted EBITDA, respectively.
